American Decorative Arts Forum of Northern California

The American Decorative Arts Forum encourages the study, understanding, enjoyment and preservation of American decorative arts from their earliest beginnings to the present.

The Forum sponsors monthly lectures on a variety of topics by prominent scholars. A mini-exhibition precedes each lecture where members and guests display examples of decorative arts from their own collections. The lecture is presented at the de Young Museum in Golden Gate Park at 8 P.M. on the second Tuesday of each month.

Forum members are also invited to attend 6 - 8 receptions each year for the guest speakers. Most receptions are held at members' homes throughout the Bay Area.

The Forum arranges special walkthroughs of museum exhibitions, intensive study groups, and day and weekend trips to Northern California collections. Members also receive a bimonthly calendar of events..
